FDD's LONG WAR JOURNAL

IDF and LAF activities after the Lebanon-Israel ceasefire agreement on November 27, 2024:

Date	Israel	Lebanon
11/27/24	• The IDF identified "several vehicles" carrying "suspicious individuals" in a restricted zone that departed after Israeli troops fired warning shots. • The IDF arrested four suspects who approached IDF troops in south Lebanon, interrogating them on the spot.	
11/28/24	• The IDF identified the arrival of suspicious individuals, some aboard vehicles. Israeli troops fired warning shots to disperse them. The event most likely occurred in the south Lebanese village of Khiyyam. • IDF soldiers spotted two Hezbollah operatives entering a known Hezbollah military installation in south Lebanon housing mid-range rockets. The IDF dispatched fighter jets to strike the facility and "foil the threat," but its statement did not note the fate of the targets. Per reporting by Lebanon's National News Agency (NNA Lebanon) this event may have occurred in the southern Lebanon town of Markaba, where an Israeli airstrike wounded two individuals who were transferred to hospital.	
11/29/24	• The IDF identified the movement of a Hezbollah mobile rocket launcher in south Lebanon and deployed aircraft to strike the target. • NNA Lebanon reported that IDF bulldozers uprooted trees near the area of Al Abbara, across the border fence in Kfar Kela—most likely a clearing operation to improve ability of Israeli troops to track hostile movements.	
11/30/24	• Israeli jets struck active Hezbollah weapons transfer installations on Syria-Lebanon border after identifying an attempt to transfer weapons to the group from Syria to Lebanon after the ceasefire. • Israeli troops identified gunmen in south Lebanon in a vehicle carrying RPGs, ammunition crates, and additional unidentified military supplies. The IDF's Brigade 300 directed an airstrike against the vehicle. • Israeli forces, directed by Paratroopers, targeted buildings belonging to Hezbollah in south Lebanon after Hezbollah militants were identified entering the building. Israeli troops later found weapons and grenades on their bodies. • The IDF identified activity in a Hezbollah installation near Sidon housing rocket launchers. Israeli jets subsequently struck the installation. • The IDF Paratroopers, under the command of the 98th Division, identified several armed terrorists near a church in south Lebanon that had been used as a Hezbollah operation post. Israeli troops eliminated the terrorists, who operated as part of Hezbollah's ground defense, anti-tank, and artillery forces in the area and took part in fighting by using the church. Afterward, Israeli troops swept the area of the church and located a tunnel entrance containing weapons. • Israeli aircraft struck deep inside Lebanon, hitting a military vehicle operating near a Hezbollah missile production site. • The IDF uncovered and confiscated a Hezbollah weapons cache in a mosque in south Lebanon.	
12/01-02/24	• The IDF identified Hezbollah activity "posing a threat to the State of Israel." It responded by attacking several military assets belonging to the group operating near one of its military installations for producing missiles in the Beqaa and several pieces of military equipment in several posts near the Syria-Lebanon border in Al-Hermel, which were used for weapons smuggling. • The IDF conducted clearing operations in Maroun El Ras, near the Lebanon-Israel frontier and opposite Moshav Avivim, by demolishing several houses in the town—presumably used for military purposes by Hezbollah.	
12/02/24	• Israeli troops targeted and eliminated several Hezbollah fighters in south Lebanon. • Israeli jets and aircraft struck Hezbollah operatives, dozens of rocket launchers, and installations belonging to the group throughout Lebanon. o An airstrike in Marjayoun, near the power station, killed an individual riding a motorbike. o Airstrikes near Nabatiyeh led to the death of Lebanese State Security corporal Mahdi Khreis. o An airstrike targeted the outskirts of Al Sreira/Hourta al Tahta. o Airstrikes targeted Yaroun, Maroun al Ras, and Hanine in the Bint Jbeil District of south Lebanon. o An airstrike targeted Harees and Tallouseh in south Lebanon, killing 10 unidentified individuals and wounding two. o The IDF conducted a drone strike in Ainata in the direction of Bint Jbeil and Maroun al-Ras that led to an unspecified number of casualties. o Airstrikes took place on Bouslaiya and Breij on the outskirts of Jbaa in the Iqlim al Tuffah region. o The IDF conducted an airstrike between Houmine al Fawqa and Deir Al-Zahrani o The IDF conducted an airstrike between Bouslaiya and Kafrmalka in Iqlim al Tuffah • Israeli jets struck a launchpad in Berghoz, south Lebanon, from which mortars were launched at Har Dov. • IDF bulldozers demolished Maroun Al Ras mosque in south Lebanon and overlooking Bint Jbeil. As with similar Israeli operations, this mosque was likely used for military purposes by Hezbollah.	
12/03/24	• Israeli forces from the 810 "HeHarim" Brigade, including combat engineers from the brigade and forces from the Golani Brigade's 51st Battalion, destroyed underground Hezbollah installations near Har Dov/Shebaa Farms. • Israel carried out an airstrike on Mhaibib in south Lebanon's Marjayoun District after the IDF conducted demolition and detonation operations between Mhaibib and Wadi Saluki. • An Israeli airstrike eliminated Hezbollah's liaison to the Syrian Arab Army, Salman Nemr Jomaa, in Syria. • An Israeli airstrike occurred between towns of Sujod and Mlikh in Iqlim al Tuffah • Israeli drone airstrikes targeted Beit Lif in the Bint Jbeil District of south Lebanon, Deir Seryan's outskirts in the Marjayoun District of south Lebanon, and Shebaa, killing a shepherd named Jamal Mohammad Saab.	
12/04/24	• An Israeli airstrike under direction of Northern Command targeted rocket launcher identified near Majdal Zoun in south Lebanon's Tyre District. • Israeli forces destroyed materiel located near Al Khiyam, Al Suwwaneh, and Aitaroun in south Lebanon.	
12/05/24	• Troops of the IDF's 188th Brigade identified and destroyed a Hezbollah underground installation that was dozens of meters long and contained a large cache of weapons, mortars, and rockets. It likely occurred in the countryside of Yaroun in the Bint Jbeil Disrtrict of south Lebanon, where NNA Lebanon claimed Israeli troops were "detonating homes."	
12/06/24	• Israeli jets struck Hezbollah weapons-smuggling routes between Syria and Lebanon in northern Lebanon and northeastern Lebanon. • The IDF's 146th "Ha-Mapatz" Division forces in south Lebanon conducted sweeping operations in the area and uncovered and destroyed Hezbollah launchers pointed at Israel, a mobile launcher on a truck, mortars, dozens of projectiles, ammunition crates, and AK-47s. At least one of these controlled detonation operations occurred in the village of Odaisseh, near the Lebanon-Israel frontier and opposite Israeli Kibbutz Misgav Am. • An Israeli airstrike hit near the riverbank between Zoutar al Sharqiyeh and Yohmor al Shqif in the Nabatiyeh District of south Lebanon.	
12/07/24	• An Israeli airstrike targeted a Hezbollah operative identified in south Lebanon who posed a threat to local Israel forces.	
12/08/24	• The IDF's 7th Brigade, operating under the 98th Division's command, confiscated and destroyed hundreds of antitank weapons, mortars, hand grenades, and military vehicles—including one mounted with a launcher—uncovered during sweeping operations in civilian areas. It likely occurred in the south Lebanon village of Yaroun, where NNA Lebanon reported IDF "detonation operations." • Israeli forces located and destroyed several tunnel openings forming part of an underground Hezbollah network. It likely occurred in the south Lebanon village of Khiyam, where NNA Lebanon reported the IDF had "detonated houses and buildings." • The IDF hit and killed several Hezbollah operatives in south Lebanon. One strike appeared to have hit an operative on a motorbike near Deir Seryan. Additionally, Israeli jets directed by the fire control center of the 98th Division struck Hezbollah militants operating in a weapons depot in south Lebanon, likely in Beit Lif, where NNA Lebanon reported an Israeli airstrike hit a "home," killing four individuals and wounding four. Alternatively, the event could have occurred in Dibbine, where NNA Lebanon also reported an Israeli airstrike on a "home" that killed three individuals. Two Israeli airstrikes were also conducted in Bint Jbeil, one of which struck a car on the Saf al Hawa road in Bint Jbeil, killing its driver. • Israeli jets conducted an airstrike in the countryside of the Anti-Lebanon Mountains between Kfar Zabad and Anjar, near the Lebanon-Syria border—likely targeting Hezbollah smuggling routes or operations.	
12/09/24	• NNA Lebanon reported that Israel detonated several houses in Maroun al Ras and conducted additional "detonation operations" in Khiyam—likely a continuation of the IDF's destruction of Hezbollah weapons and infrastructure in civilian areas that came under Israeli control.	The Lebanese University reported the presence of military equipment and boxes of unknown content in a warehouse belonging to the university. After an official inspection, Lebanese authorities found military fatigues, binoculars, drone-related electronic devices, and sealed boxes labeled "Radwan" with marker. Reports citing an unnamed "high-ranking security source" said the preliminary search did not uncover any weapons. The Lebanese Armed Forces did not initiate the inspection; it was prompted only after the university discovered that the warehouse locks had been changed, and unidentified individuals had entered. The seizure occurred despite the university's attempts to obstruct the investigation.
12/10/24	• The IDF conducted additional "large detonation operations" in Khiyam that lasted throughout the night, per NNA Lebanon, and in Meiss al Jabal, near the Lebanon-Israel frontier. • An Israeli drone targeted a car in Bint Jbeil.	
12/11/24	• Israeli forces detonated captured Hezbollah weapons. • An Israeli airstrike occurred in Khellet al Draz, Ainata in south Lebanon's Bint Jbeil District, killing one unidentified individual and wounding another. • Israeli troops searched an inhabited home belonging to the Al Jouki family in the town of Burj al Mulok, interrogated the inhabitants, seized their phones, and warned them to vacate the premises and not return until further notice. • An Israeli drone airstrike occurred Beit Lif in south Lebanon's Bint Jbeil District, targeting a van and killing an individual identified as Hamzeh Murshed Baddah. • Israeli forces reportedly detonated a home in Naqoura, on the western edge of the Lebanon-Israel frontier, in the neighborhood of Al Shumar • Israeli drone strikes targeted the Al Saffarjal neighborhood in Wadi Hassan, located between Majdal Zoun and Chihine in south Lebanon and the Al Awini neighborhood in Bin Jbeil, killing "three civilians," per NNA Lebanon.	
12/12/24	• Israeli jets struck several Hezbollah operatives in south Lebanon. One airstrike reportedly occurred in Al Khiyam, killing one operative and wounding another. Other strikes targeted Naqoura and Tabna near Al Baysariah. • Israeli forces detonated homes located between Al Chamaa and Tayr Harfa in south Lebanon's Tyre District.	
12/13/24	• The IDF's 769th "Hiram" Brigade located and destroyed a cache of Hezbollah weapons, including launch pads, Kornet anti-tank guided missiles (ATGMs), AK-47s, and an antitank firing post. • Israeli troops uncovered a Hezbollah weapons depot containing RPGs and mortars. • Israeli jets conducted two airstrikes in south Lebanon, one in a valley between the towns of Chaaytiyeh and Jbal al Botm and another on the area of Al Sneibar on the outskirts of Al Zarariyeh towards Ansar.	
12/14/24	• An Israeli aircraft targeted and destroyed loaded launchers directed at Israel. • Israeli forces conducted demolition operations in Meis al Jabal, Kfar Kela, between Tayr Harfa and Jebbayn, and between Yarun and Maroun al Ras • An Israeli drone strike targeted a vehicle on the Khardali Road driving in the direction of the money changing station in Jdeidet Marjayoun, killing Nabatieh native Mohsen Sharafeddine.	
12/15/24	• The IDF announced that by December 15, the 91st Division's troops operating in various sectors in south Lebanon had significantly degraded Hezbollah's capabilities and infrastructure in areas under their control—destroying over 10,000 weapons and pieces of military equipment, hitting over 1,000 Hezbollah targets, and destroying several surface and underground military installations. • The IDF conducted demolition operations on the outskirts of Jebbayn, Naqoura, and Chihine in south Lebanon's Tyre District near the Lebanon-Israel frontier.	
12/16/24	• The IDF's 769th "Hiram" Brigade located and destroyed several weapons storage facilities housing dozens of mortars, anti-tank missiles, rockets, explosive devices, mobile rocket launchers (including one heavy launcher), and additional military equipment, possibly in Naqoura. • An Israeli airstrike targeted a valley on the outskirts of the town of Al Najjariyeh in south Lebanon's Sidon District, wounding one individual. Another airstrike hit Tabna, between Sarafand and Qaaqaayiat al Snoubar.	
12/17/24	• The IDF detonated seized Hezbollah weapons in south Lebanon and conducted demolition operations in Kfar Kela. • The IDF identified a Hezbollah operative loading weapons onto a vehicle in south Lebanon and directed Israeli aircraft to strike the vehicle in Tyre District's Majdal Zoun, wounding two individuals.	
12/18/24	• IDF 188th Brigade combat engineers located and destroyed a Hezbollah underground installation that was dozens of meters long and linked to a Hezbollah command center that had directed several attacks at northern Israel. The installation also housed large quantities of material, weapons, and military equipment, including monitoring equipment. • Several weapons depots were found nearby the underground installation that contained materiel, including a weapons depot inside a mosque holding hundreds of explosive devices, rifles, grenades and other military equipment. "Yahalom" engineering special forces that identified the locations destroyed them. • NNA Lebanon reported Israeli demolition and detonation operations in Tayr Harfa, Al Jebbayn, and Chihine in south Lebanon's Tyre District and additional demolition operations in Naqoura. It's unclear in which of these villages the 188th Brigade's operations occurred.	
12/19/24	• The IDF's 300th "Baram" Territorial Brigade combat team under the command of the 146th Division located and destroyed a Hezbollah weapons storage facility containing ATGMs, an artillery cannon, explosive devices, and launchers. They also located and destroyed Hezbollah launch posts used to fire ordnance at Israel. Based on NNA reporting, it likely occurred in Naqoura, Tayr Harfa, Alma al Chaab, or Kfar Kela.	• Between 11:00 and 16:00, the Lebanese Armed Forces detonated unexploded ordnance of unspecified ownership in Yabisah Field in Rachaya.
12/20/24	• The IDF conducted demolition operations in the southern neighborhood of Naqoura, Yaroun in south Lebanon's Bint Jbeil District, Kfar Kela's northern neighborhood.	
12/21/24	• The IDF conducted clearing and demolition operations in Naqoura, including near a former LAF checkpoint and UNIFIL HQ, demolition operations in Hanine, and demolition and detonation operations Kfar Kela.	• The Lebanese Armed Forces (LAF) took control of the Sultan Yaqoub facility in Western Bekaa, as well as the Hoshmosh center between Qusaya and Deir Ghazal, both of which belonged to the Popular Front for the Liberation of Palestine - General Command (PFLP-GC). Additionally, the LAF seized the Hilweh-Rachaya camp, which was controlled by Fatah Al Intifada, and confiscated a cache of weapons and ammunition. • A Lebanese judge ordered a shipment of loitering munitions to be returned to Hezbollah. The shipment had been seized in Beirut during the war. • Between 15:30 and 18:00, the Lebanese Armed Forces detonated unexploded ordnance of unspecified ownership in Zibqin – Tyre.
12/22/24	• The IDF's 188th Brigade Combat Team's engineering units located and destroyed a massive Hezbollah compound containing eight weapons storage warehouses, above and below ground and linked by underground tunnels. The soldiers located communications and electricity equipment, ATGMs, explosive devices, and computers. They also located and destroyed a firing post containing a weapons storage facility. Based on NNA reporting, this occurred the Bint Jbeil District town of Hanine in south Lebanon. • The IDF conducted detonation operations in Kfar Kela.	• The Lebanese Armed Forces (LAF) took control of the Jbaileh Ain al Bayda facility in Kafr Zabed, which was previously under the control of the Popular Front for the Liberation of Palestine - General Command (PFLP-GC), and confiscated a cache of weapons and ammunition.
12/23/24	• The Golani Brigade and 769th "Hiram" Brigade's troops operating in south Lebanon uncovered a Hezbollah weapons depot containing more than 100 explosives devices, 20 launchers, and dozens of projectiles. • In a separate operation, Israeli troops uncovered mortars and other tactical military equipment. All Hezbollah materiel was destroyed. • The IDF conducted demolition operations in Naqoura, Al Bustan, and Al Zalloutiyeh in south Lebanon's Tyre District. • An Israeli airstrike near Al Taybeh Public School killed two unidentified individuals and wounded one more.	• The Lebanese Armed Forces took control of the Qusaya facility in Zahle, formerly under the control of the Popular Front for the Liberation of Palestine-General Command. The takeover included the group's tunnel network, along with the seizure of a cache of weapons, ammunition, and military equipment. • The Lebanese Armed Forces took control of the Naameh facility in Chouf, formerly under the control of the Popular Front for the Liberation of Palestine-General Command. The LAF seized a cache of weapons, ammunition, and military equipment. • Between 14:30 and 18:00, the Lebanese Armed Forces detonated unexploded ordnance of unspecified ownership in Qusayya – Zahle. • Between 14:30 and 18:00, the Lebanese Armed Forces detonated unexploded ordnance of unspecified ownership in Qleileh Field, Tyre.
12/25/24	• The IDF announced that, to date, it had destroyed 85,170 pieces of Hezbollah materiel and equipment in south Lebanon mostly discovered in civilian areas, including inside homes, within their courtyards, or beneath them. The items included: o Approximately 6,840 RPGs, ATGMs, and their launchers o Approximately 9,000 explosive devices and weaponry o Approximately 60,800 pieces of communication equipment, electronic devices, computers, and documents o Approximately 2,250 shells and missiles o Approximately 2,860 pieces of unidentified materiel o Approximately 300 pieces of monitoring equipment and binoculars o Approximately 60 anti-air missiles o Approximately 20 unidentified vehicles • An Israeli airstrike targeted a house in the valley of the village of Taraya, near the banks of the Litani River west of Baalbek, in what NNA Lebanon called "the first violation of the ceasefire agreement." • Israeli forces conducted demolition operations in Maroun al Ras and demolition and detonation operations in Kfar Kela.	
12/26/24	• The IDF conducted demolition operations in Bint Jbeil District's town of Yaroun and Kfar Kela in the Marjayoun District in south Lebanon along the Lebanon-Israel frontier.	
12/27/24	• An Israeli airstrike targeted seven Lebanon-Syria border crossings near Janta used to smuggle weapons to Hezbollah. Three locations in the countryside of Qousaya, in the Beqaa Valley, were also struck. • The IDF Brigade 226th Combat Team, under the command of the 146th Division, operating in south Lebanon near Naqoura, identified dozens of Hezbollah installations and weapons storage facilities inside civilian buildings. One building that doubled as a pharmacy contained a massive weapons cache that included explosive devices, plastic explosives, RPGs, and AK-47s, in addition to Burkan rockets, mortars, mortar launchers, and other unspecified weapons. All weapons were destroyed. • The IDF conducted demolition operations in Yaroun, on the Lebanon-Israel frontier	
12/28/24	• The IDF's 300th "Baram" Territorial Brigade's combat team, operating under the 146th Division's command and alongside "Yahalom" Special Operations Engineering Unit, swept and destroyed a 100-meter underground installation linking to a Hezbollah Radwan Force outpost. The installation contained a large quantity of materiel, including rifles, launchers, ATGMs, monitoring equipment, and additional military equipment. The outpost contained rocket launchers and several explosive devices. The forces also located and destroyed a nearby weapons dump that included ATGMs and launchers. It's unclear in which town or village these operations occurred, but NNA Lebanon reported that day that the IDF conducted detonation and demolition operations in Kfar Kela, demolition operations in Taybeh, Yaroun, and detonation operations between Markaba and Rubb al Thalatheen—all near the Blue Line.	
12/29/24	• The IDF reportedly conducted detonation operations in Mays al Jabal.	The Lebanese Armed Forces, supported by patrols from the Directorate of Intelligence, raided the home of wanted individuals in the predominantly Shiite city of Baalbek and the areas of Faour, Taalabya, and Jlala in the Bekaa. They arrested several citizens who were wanted for opening fire. Weapons, ammunition, and military equipment were seized in the course of the law enforcement action that were in these individuals' possession.
12/30/24	• The IDF conducted detonation operations in Al Taybeh in the Marjayoun District of south Lebanon, near the Blue Line.	• The Lebanese Armed Forces, supported by patrols from the Directorate of Intelligence, raided the homes of wanted individuals in various areas of the predominantly Shiite region of Bekaa. They arrested 15 citizens for arms trafficking and opening fire, seizing a large quantity of weapons, ammunition, and military equipment in their possession. • The Lebanese Armed Forces, supported by patrols from the Directorate of Intelligence, conducted unspecified security measures across various Lebanese regions and arrested 31 citizens as follows: • The LAF raided the home of a citizen in the predominantly Shiite area of Hermel, arresting him for drug trafficking, opening fire, and involvement in car theft. A drug manufacturing lab and a large quantity of drugs were seized. The LAF also arrested 12 citizens in the Western Bekaa for opening fire and seized a large quantity of weapons, ammunition, and military equipment. The LAF arrested four citizens in Baalbek for opening fire and seized weapons, ammunition, and military equipment. 12/31/24	• The IDF revealed details regarding operations of the 769th "Hiram" Brigade Combat Team, operating under the command of the 91st Division, near Wadi Saluki. As part of the "Cedar Plan" (Tochnit Erez), Israeli forces swept the area and located a weapons warehouse hidden in the area's complex terrain containing a significant stockpile of weapons, including launchers, missiles, and explosive devices. In nearby buildings, the IDF located large weapons caches including missile launchers, plastic explosives, dozens of AK-47s, grenades, electronically guided missiles, mines, observation equipment, explosive devices, and tactical equipment. The facilities and the weapons were destroyed. • The IDF identified Hezbollah terrorists in south Lebanon transferring weapons from a storage facility to a nearby vehicle, deploying an airstrike to destroy both.	
01/01/25	• IDF troops conducted demolition operations in Aitaroun in the Bint Jbeil District near the Lebanon-Israel frontier and Ayta ash Shab, also on the Blue Line.	• Between 13:00 and 17:00, the Lebanese Armed Forces blew up unexploded ordnance (of unspecified ownership) in Jroud Ras Baalbek.
01/02/25	• Between 7:05 PM – 7:35 PM, Israeli jets struck and destroyed mid-range Hezbollah rocket launchers located in one of the organization's military sites between Zahalta and Jbaa and other launchers located near a Hezbollah site near Nabatiyeh. It was the first such incident in which the IDF's statement noted Israelis had given advance notice to the Lebanese Armed Forces (LAF) of the existence of these sites and the need to address the problem. This notice to LAF presumably occurred much earlier than the strikes. The IDF's statement said, "As part of the understandings between Israel and Lebanon, prior to the strike, a request was sent to the Lebanese Army to neutralize the launchers which posed a threat to the Israeli Home Front and our forces. The launchers were attacked only after the request was not dealt with by the Lebanese Army."	• At approximately 6:30 pm, Mahan Air Flight 1152 from Tehran landed in Beirut. Lebanese authorities claimed they searched the plane over suspicions the aircraft was smuggling funds to Hezbollah and seized the funds. At 9:47 pm, Lebanese Minister of Interior Bassam Mawlawi said the flight was going through a thorough inspection. However, Mahan's return flight had already departed by then and was halfway back to Tehran. Mawlawi claimed that an Iranian diplomat's bags were held for inspection, but Iran's Foreign Ministry denied that any inspection happened. • Between 16:00 and 18:00, the Lebanese Armed Forces detonated unexploded ordnance of unspecified ownership in Taybeh, Marjayoun.
01/03/25	• The IDF conducted detonation operations in the town of Bani Haiyyan and Markaba in south Lebanon's Marjayoun District on the Blue Line. The IDF also searched and demolished two houses in the village, in addition to conducting clearing operations in the wadi linking the town from the west to Wadi Saluki. Additional demolition operations occurred in nearby Houla, even closer to the Blue Line.	
01/04/25	• The IDF conducted detonation operations in the area between Alma El Chaab and Tayr Harfa, Taybeh, and Rab El Thalathine. • IDF artillery struck Meiss El Jabal. • The IDF conducted detonation operations between Taybeh and Rubb al-Thalatheen	• Between 9:00 and 17:00, the Lebanese Armed Forces detonated unexploded ordnance of unspecified ownership in Yabisah Field, Rachaya and Qleileh, Tyre.
